The Mission of DCCH Center for Children and Families is to express God's love by providing compassionate care and quality services to address the physical, spiritual and emotional needs of children and families. We assess, stabilize, treat, and educate children and their families while facilitating changes in relationships, attitudes and behavior. Through a continuum of support and assistance, we strive to establish them into a family setting, as well as develop them into productive, self-confident members of the community.

DCCH Center has served the needs of children for the past 165 years. DCCH operates a Residential Treatment Program, a Therapeutic Foster Care Program, The Therapy Center at DCCH, and a Training Center.
